Application for Adoption

Premier Pet Placement's main goal is to find the right home for the right dog-and to find the right dog for the right home. To help Premier Pet Placement do this, please fill out this application completely and accurately, with as much detail as possible. Note that providing a less than ideal answer to a question below doesn't necessarily mean that you will not be allowed to adopt a dog. The Adoption Representative who contacts you will use this application as a basis for dialogue and creative solutions.

Pet adopters can anticipate 10 or more years of joy with their dog, because of this, adopters need the financial ability to care for their dog and a stable and secure living arrangement. Students, though they may be responsible persons, often have little money, move frequently, and share homes with other students that come and go. As such, they may not be able to offer sufficient long-term financial support and home stability for a pet.
